The Deleterious Use of Alum in

Bread and Baking Powders. BY HENRY A. MOTT, JR., PH.D., E. M.

Out of the many baking powders I have exones that are adulterated, giving in each case a quantitative analysis of the same. The following analyses are of "Dooley's Standard Baking Powder," "Charm Baking Powder," and the baking powder manufactured by C. E. Andrews & Co., of Milwaukee. The analysis of the last three baking powders given in the first column was made by Professor Robert W. Schedier. NO. 1-DOOLEY'S STANDARD BAKING

On reviewing the above analyses it will be seen that, in the "Patapaco Powder," above 20 per cent of barnt alum is used; over 22 per ct. in "Andrew's," over 26 per cent in "Dooley's," and about 30 per cent in the "Charm."

PS Not one pound of these powders

could be sold in England, as it is against the law to use alum for making bread.

White House Lunatics. The "daft" people who find their way into

the President's room generally look sane enough, but some let their mental weakness be known by their queer questions and strange actions.—
They are manœuvred out as soon as possible, but often cause considerable trouble. When a person calls at the Executive Mansion who is so insane as to be helpless or dangerous he is turaed over to the police and sent to the insane asylum or his home. From clues furnished by themselves the place from which they hail is often discovered, and they are given transportation thereto at government expense. There tation thereto at government expense. There are such a number that have to be sent to the insane asylum that it has been suggested that a special appropriation be made for taking them home, as it costs more to maintain them at the government expense in the asylum.

WILL CURE RHEUMATISM. Mr. Albert Crocker, the well-known drug giet, and apothecary, of Springvaic, Me., always try VEGETINE.

READ HIS STATEMENT: Springvale, Me., Oct., 12, 1876. Mr. H. R. Stevens:-

Dear Sir, - Fifteen years ago last fail I was taken sick with rheumatiam, was unable to move until the next April. From that time until three years ago last fall, I suffered everything with rheumstism. Sometimes there would be weeks at a time that I could not step one step; these attacks were quite often. I suffered everything that a man could. Over three years ago last spring I commenced taking VEGETINE, and President. He left immediately, with the exfollowed it up until I had taken seven bottles; pressed determination to marry as soon as he have had no rheumatism since that time. I always advise every one that is troubled with rheumatism to try VEGETINE, and not suffer for years as I have done. This statement is gratuitous as far as Mr. Stevens is concerned.

Boston, Oct. 1870. Dear Sir,—My daughter, after having a severa attack of Whooping Cough, was left in a feeble state of health. Deing advised by a friend she tried the VEGETINE, and after using a few bottles was fully restored to health.

I have been a great sufferer from rhoumatism.

I have taken savarab bottler of the VEGETINE.

I have taken several bottles of the VEGETINE for this complaint, and am happy to say it has sults. It is a great cleanser and purifier of the blood; it is pleasant to take and I can cheerfully recommend it. 361 Athens Street.

REEUMATISM IS A DISEASE OF THE BLOOD.

The blood in this disease, is found to contain an excess of fibrin. VEGETINE acts by converting the blood from its diseased condition to a healthy circulation. VEGETINE regulates the bowels which is very important in this complaint. One bottle of Vegetine will give relief; but, to effect a permanent cure, it must be taken regularly, and may take several bottles, especially in cases of long standing. VEGETINE is sold by all druggists. Try it and ETINE is sold by all druggists. Try it and your verdict will be the same as that of thousands before you, who say, "In ever found so much relief as from the use of VEGETINE." which is composed exclusively of Barks, Roots

"VEGETINE," says a Boston physician, "has no equal as a blood purifier. Hearing of its many wonderful cures, after all other remedies had failed, I visited the Laboratory, and convinced myself of its genuine merit. It is pre-pared from barks, roots and herbs, each of which is highly effective, and they are compounded in such a manner as to produce astonishing results."
